

AWP xChange LATAM Sponsorship Opportunities

Santiago, Chile

April 22-23, 2026

O3 Solutions is now accepting sponsors for AWP xChange LATAM 2026!

This invitation-only event is rapidly becoming the premier AWP and project delivery event for Owners, EPCs, and Contractors in LATAM to explore how teams can successfully implement and support Advanced Work Packaging and other prominent project delivery methodologies with leading software and training resources.

What Sponsors Gain — Beyond the Logo

Thought-leadership visibility: Premier Sponsors have a dedicated 30-minute slot to share real-world case studies, elevating your brand as a trusted, practical leader in AWP and digital project execution.

Broad exposure across media: From printed materials on-site, to digital invitations, social media, and the AWP xChange landing page, your brand reaches a curated audience of industry leaders and decision-makers.

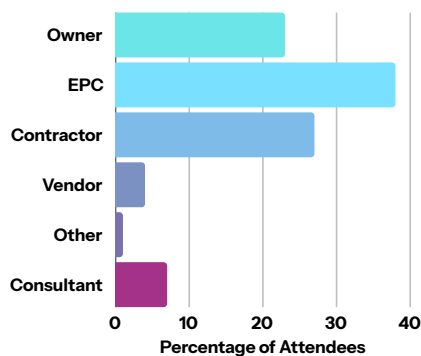

Connection to top-tier clients and partners: The events draw owners, contractors, and major EPCs, offering potential for deeper relationships, co-branding, and collaborative opportunities. Vendor participation is strictly limited to sponsorships, so 90%+ of the attendees will be potential clients and peers.

Regional influence with global reach: With AWP xChange now spanning North America and Latin America, sponsors can gain visibility in multiple geographies, ideal for organizations looking to expand their footprint or demonstrate cross-market capabilities.
